

Installers Go Out on Strike

Last Minute Negotiations Fail to Reach Agreement

NEW YORK (AP)—Telephone equipment installers struck in 44 states and the District of Columbia today in a wage contract dispute with Western Electric Co., manufacturing arm of the American Telephone and Telegraph Co.

Adenauer Gives Pledge On Alliance

Makes Statement Of Support After Winning Election

BONN, Germany (AP)—Chancellor Konrad Adenauer won an immense election triumph today and immediately pledged that West Germany would throw "all its political and moral weight" behind the Western alliance.

The 81-year-old chancellor was returned to power for another four years in yesterday's voting in a victory so complete it stunned his neutral-minded Socialist opponents and surprised even his own supporters. The Communists in East Germany were glum.

His Christian Democratic Union, which won an absolute majority for the first time in a free German election four years ago, not only retained that majority but increased it in an outpouring of more than 31 million votes.

Adenauer's third straight national election victory since the West German Republic was created in 1949 was a heavy blow to the Soviet Union and a triumph for the United States. Fearful of West Germany's mounting economic and military power, the Russians had pulled all possible strings in an effort to defeat the iron-willed chancellor.

It was a stunning defeat for the Soviet Union and a triumph for the United States.

The Russians fearful of mounting German economic and military power on their Western flank, consider the iron-willed Adenauer one of their arch enemies.

They went all out to convince the West Germans that he should be overthrown in favor of the Socialists, who wanted to pull West Germany into a more neutral position.

Fall Army Worm Is Switching To Small Grain

The fall army worm that has been working in late corn is now moving to newly seeded small grain, according to Pettis County Agent Merle Vaughan. They have killed one field of rye for Russell McFarrich and are now damaging another field on the same farm.

The worms work at night when the weather is hot and will be found hiding under clods of earth during the day. They are three-fourths to 1½ inches in length and there is an inverted white capital "Y" in the front of the head.

The recommendation is to spray if there are as many as four worms per square foot on growing crops. In fields of newly seeded small grain an even smaller infestation might call for the spray.

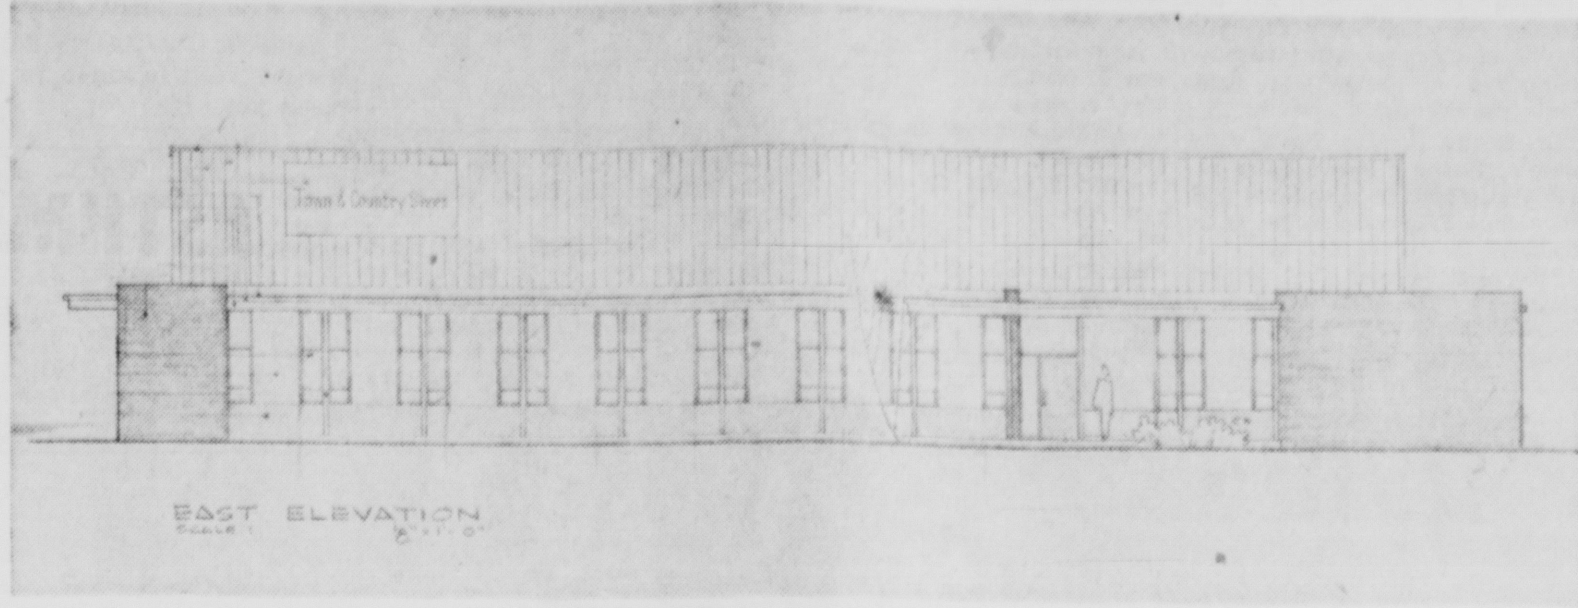

The most effective materials are toxaphene and dieldrin but fields should not be pastured for at least 30 days after dieldrin is used and never after toxaphene is used. Heptachlor at the rate of one quart of 25 per cent emulsifiable concentrate per acre has been fairly effective and the extension office is attempting to get information on a new material called phosphamidon.

Farmers with newly seeded fields of small grain, grasses and alfalfa should be checking them for damage.

Warsaw Man Wins Prize in National Cured Ham Contest

Herb Cooper, who operates the Cooper Locker Co. in Warsaw, won second place in the Country Cured Ham Division of the National Ham Show being held in Minneapolis, Minn., in connection with the National Institute of Locker and Freezer Provisioners. First prize went to a North Carolina firm.

He and Mrs. Cooper are attending the convention and expect to return home Friday.

NEW OFFICE SPACE FOR LOCAL COMPANY — The architect's drawing pictured above is what the new office building of Town and Country Shoe Co. will look like upon completion. The louver facing the second story of the existing building will be of California redwood. The front of the new building will be of native stone and brick.

Eighth Step in Program

To Start Construction of New Office Space For the Town and Country Shoe Company

The eighth step in a progressive expansion program by Town and Country in Sedalia will be started this week. The Dean Construction Co. has been awarded the contract to build new general offices for the firm.

The new office building for the firm, manufacturers of women's shoes, will adjoin the present office and warehouse building on the west side of Highway 65 immediately north of the Missouri Pacific main line.

Designed by Russell-Mullgardt-Schwarz-Van Hoeffen, St. Louis architects, the one-story building

will be integrated with the present building and will extend approximately 30 feet further east.

Present office space will be remodeled into a general office and IBM machine room to handle all processing and clerical work for the company's operations. The wall adjoining the new construction will be faced with California redwood vertical louvers the entire length of the building.

In the new one-story structure, containing about 3,000 square feet of floor space, will be offices for Executive Vice-President C. W. Mathieson, his staff, General Su-

perintendent Dave Rush, buyers and other executive offices. Also in the new building will be a spacious lobby.

The building will be of steel frame construction with steel sash and porcelain enameled steel panels. Partitions are of expanded steel, stud and plaster walls. Exterior walls will be of native stone and brick. Ceilings will be acoustical tile with recessed lighting and the offices will be air-conditioned.

Sedalia's plant is one of six operated in Central Missouri and has been in production over 13 years. Employment has increased from

460 in 1956 to 504 in 1957 and the payroll is over 1½ million dollars which clears through two local banks.

Mathieson pointed out that shoe production in the nation has risen 3 per cent over 1956 and Town and Country's production and shipments to customers has risen approximately 15 per cent.

He stated that a good year is expected and that the firm has every reason to believe with the present acceptance of their shoes that the Sedalia plant along with the others will be kept running near capacity this year.

Shoe Company Honored

Windsor Celebrates Industry Birthday

The 25th anniversary of the establishment of the International Shoe Co. plant in Windsor wound up with a barbecue and dance Saturday night following a street parade with 20 colorful floats.

Awards were presented prize-winning floats judged by W. Les Simpson, publisher of the Holden Progress, Joe Western, publisher of the Odessaan, and George H. Scruton, editor of The Sedalia Democrat.

In the organizational group, the Windsor Keystone Club won first, the El Progresso Club, second and Jaycee Jaynes, third. In the commercial category, in which departments of International Shoe participated, the stock fitting department won first, cutting department, second, and lasting department, third. In the youth group, the Rainbow Girls were first and Boy Scouts second.

Community leaders of Windsor who planned and carried out the program, which started with a banquet Thursday night in the High School, were: J. W. Simmons, general chairman; E. L. Sutherland, finance chairman; James C. Kirkpatrick, publicity and toastmaster; William D. Davis, chairman of awards and historical information; Howard Bullock, chairman barbecue; Robert O. Corson, chairman parade committee; Charles R. Holmes, chairman program and entertainment; L. T. Hoback, the chairman of queen contest in which Karen Henry was the winner.

Ira M. Mounts, superintendent of the Windsor factory, presented recognition gifts to 18 employees with 25 years service, and called attention to the fact that the Windsor factory had 24 employees with more than 24 years service; 73 with ten to 24 years service; and 56 with five to ten years service.

Mrs. Clem Roberts, widow of one of the Windsor residents responsible for getting the plant to come to Windsor, assisted in the presentation of gifts.

Representatives of the International Shoe Co. from St. Louis who participated in or were guests at the 25th anniversary celebration were:

Norfleet H. Rand, director and vice-president in charge of manufacturing and merchandising; Harold F. Oyaas, director, and Mrs. Oyaas; G. M. Abbott, director of industrial relations, and Mrs. Abbott; M. Robert Shaffer, director of the distribution, men's and boy's shoes, and Mrs. Shaffer; Logan H. Kelley, general superintendent of men's manufacturing division, and Mrs. Kelley; L. S. Heideman, assistant general superintendent of men's manufacturing division, and Mrs. Heideman; A. V. Wheeler, director of distribution at retail and a company director, and Mrs. Wheeler; Dean Moneymaker, director of recreation, and Mrs. Moneymaker; Gale F. Johnston, Jr., staff writer, public relations department, and Mrs. Johnston; Harry F. Hart, company photographer, and Mrs. Hart; and R. Bruce Deam, director of public relations, and Mrs. Deam.

Also present were Charles Worley, superintendent of the Sweet Springs plant; Carl Mounts, assistant superintendent, Sweet Springs; Walter Plessner, superintendent, Marshall plant; and Hugh Thompson, superintendent, West Plains plant.

White House Accuses Group Of Democrats

Attacks Statement Issued by Members Of Advisory Council

NEWPORT, R.I. (AP)—The White House today accused a group of top Democrats of "trying to play politics" with the school integration controversy in Little Rock, Ark.

The accusation was fired at the President's vacation headquarters by his press secretary, James C. Hagerty. He was commenting on an assertion by 15 members of the 24-member Democratic Advisory Council that Eisenhower "failed to use the prestige and power of his office . . . against defiance of law" at Little Rock.

Hagerty brought up the matter at a news conference before newsmen had a chance to ask for comment.

"I think it would be funny if it were not so pathetic," Hagerty visory Council trying to play politics with the situation in Little Rock.

"The President is concerned with solutions and not with political speeches."

Hagerty was asked whether Eisenhower had read about the Democratic attack on him and had instructed Hagerty to put out the statement he did.

The press secretary replied only that the President "has seen the statement."

"What did he say about it?" Hagerty then was asked.

"I'll let my statement stand," Hagerty said.

Ike and Faubus Confer

GOOD-BYE TO "MIDDLE MAN" — President Eisenhower says good-bye to Rep. Brooks Hays (center) Arkansas Democrat credited with major role in arranging conference between President

and Arkansas Gov. Orval Faubus (right) over school integration dispute. Gov. Faubus said two-hour session was "very constructive." (AP Wirephoto)

Guard to Stay At Little Rock

Faubus Tells of Agreement With Ike in 'Certain Areas'

LITTLE ROCK, Ark. (AP)—Gov. Orval Faubus ordered the National Guard to take stations again at Central High School today and the hour of decision appeared to be approaching in the critical Little Rock integration controversy.

It is "foreseeable" that the Guards may be withdrawn this week. Faubus said in a television interview last night.

He also said "there were certain areas of agreement" that developed in his conference Saturday at Newport, R.I., with President Eisenhower.

But he still says Negro students will not be permitted to enroll in the high school until a condition of "tranquility" exists in the city. He will be the judge of when that moment has come, he said in the TV talk.

The prevailing belief in Little Rock today—and it is not supported by any solid information from the governor's mansion—is that Faubus will remove the Guard within a few days, perhaps Wednesday or Thursday.

He has been summoned to appear in U.S. District Court Friday.

There, in all probability, he will be asked to present the evidence he claims to have that violence would have taken place at the high school had he not put the guardsmen there with orders to turn away Negroes.

U.S. Dist. Judge Ronald N. Davies issued a summons to Faubus to appear Friday for a hearing on a petition to enjoin him from interfering with the enrollment of the Negroes.

Faubus' information and FBI reports presumably will be aired together — if the hearing takes place at all.

Faubus still is sticking to his contention that he acted in response to his information as to what would happen. He said in the interview last night that "many of the facts are known to many people."

Faubus was asked if Eisenhower had said anything at Newport that changed his position.

"Not as to the situation that exists locally," Faubus replied. "Any fair-minded persons would grant . . . that I would know more about that than anyone outside."

It appeared today that unless some specific word comes from Faubus, Negro students will not attempt to test the situation by again trying to enroll at Central High.

Mrs. L. C. Bates, president of the Arkansas branch of the National Assn. for the Advancement of Colored People, said last night she did not believe any Negro students would renew the attempt to enter.

In Cleveland, Roy Wilkins, executive secretary of the NAACP, described the Eisenhower-Faubus conference as "blah, blah, blab."

Fair Weather Seen For Missouri; No Moisture Forecast

KANSAS CITY (AP)—A forecast without mention of moisture for Missouri came today from the weatherman.

Generally fair is his outlook with some cooler weather in store for the east and central sections this afternoon and some warmer weather for the north and west Tuesday.

Lows tonight will be in the mid-40s in the extreme north to the upper 50s in the extreme south-east. For Tuesday the highs will range between 77 and 85.

Four Persons Are Injured In Accident

Driver Apparently Fails to Heed Signal At Patrol Roadblock

Apparently failing to heed the signal of Sgt. E. W. Van Winkle, who was stopping traffic at the junction of State Highway 138 and Morgan County Highway CC, resulted in injuries to four persons, one seriously, about 11:15 p. m. Sunday night.

Sgt. E. W. Van Winkle, Sedalia Troopers Donald J. Slewin, Versailles, Glenn Means, Warsaw, and Robert Stockell, Sedalia, were in the area searching for two Ft. Leonard Wood soldiers, one of whom was reported as an escapee from the disciplinary barracks and the other AWOL. A road block was at the junction, with Sgt. Van Winkle signaling traffic to stop.

The car, a 1952 Chevrolet sedan, was being driven east on Highway CC by John William Kelso, 58, of Stover, and failed to heed the signal. Instead of making a right turn on Highway 135, Kelso went straight ahead at the "T" intersection and crashed into an embankment.

Their daughter, Wanda Fern, 13, received a cut on the right temple, and their son, George, 15, a black right eye. Kelso received bruises and a black right eye.

Two other Kelso children, Wilda, 13, twin of Wanda, and Carl, 11, escaped injury.

The family was taken to the Gunn Clinic at Versailles in the Stevenson ambulance, where emergency treatment was given by Dr. Ray Lyle and Dr. Ruth Kauffman. Mrs. Kelso was later removed to St. Mary's Hospital at Jefferson City.

The two soldiers had disappeared from Ft. Leonard Wood Saturday and had stolen a car which they abandoned near the farm of

Arms Against Missiles

WASHINGTON (AP)—A new series of American nuclear tests in the mid-Pacific next year will be aimed at perfecting weapons for defense against missiles with atomic or hydrogen warheads.

Announcing plans for the new series in the Eniwetok proving grounds, two government agencies said yesterday another "important objective of the tests will be the further development of nuclear weapons with greatly reduced radioactive fallout."

The Weather

Generally fair tonight and Tuesday; slightly warmer Tuesday; low tonight in upper 40s; high Tuesday in upper 70s.

The temperature one year ago today was high 98, low 66; two years ago, high 72, low 68 and three years ago, high 98, low 61.

The temperature at 7 a.m. was 50; 74 at 1 p.m. and 75 at 2 p.m. Low Sunday night 45.

Stage at Lake of the Ozarks 58.2 steady.

Plowmen Meet in Capital

Hal Boyle's Column

Here Are Miscellaneous Items Your Mailman Might Deliver

By HAL BOYLE

NEW YORK (AP)—Things a columnist might never know if he didn't open his mail:

That the chances are you'll walk 65,000 miles in your lifetime, or more than 2 1/2 times the distance around the earth.

That the average life expectancy of a milk bottle is 35 fillings.

That a salmon going up the Columbia River in the state of Washington to spawn swims under the supervision of 16 different government agencies. The poor fish!

That TV star Kathryn Murray describes the calypso dance as "10 per cent tempo and 90 per cent temperament."

That 98 per cent of the U. S. population suffers tooth decay sooner or later.

That Americans paid more in taxes in the last eight years than during the preceding 158 years combined.

That Lisa Kirk points out the recipe for success is the same as for a nervous breakdown.

That until about 1800, boots and shoes were made the same for both right and left foot.

That a recent news item was headlined: "Doctor suggests men wear girdles to combat fatigue." But if they think they're tired now, just wait until they try to climb into one of those things!

That some people will believe anything, if it's whispered to them.

That chanteuse Fernanda Montel likes to tell of the two circus attendants who were given the task of washing a huge elephant. After climbing atop the pachyderm, one keeper suggested to the other, "You wash and I'll dry."

That whales have hairs at the tip of their nose.

That a scientist has discovered a single snail can produce up to 11 billion descendants in five years. Don't sneer at the people who eat snails—if it weren't for them, the rest of us would be up to our armpits in shells.

That George DeWitt says, "A tight driver is usually a loose thinker."

That if you want to remove transparent tape from paper without tearing the paper, simply run a hot iron over it lightly. The tape will then peel off easily and leave no mark.

That if you have been worrying over whether television will cause radio performers to starve, you can dry your tears. Robert Q.

Jockeys to Replace Rats In Experiment

LOS ANGELES (AP)—Jockeys will replace rats in a study of the role of diet and exercise in the control of heart disease.

Three scientists from the University of Southern California School of Medicine will take blood samplings of jockeys at Santa Anita race track this winter.

Dr. Roslyn B. Alfin Slater, associate professor of biochemistry and nutrition, says the school has used more than 2,000 rats so far in its studies.

"We are hopeful that experiments with the enforced diets of these half-starved jockeys will yield a great deal of valuable information toward the understanding of the causes of heart disease," he said.

Red China's UN Bid Headed For Rebuff By General Assembly

UNITED NATIONS, N. Y. (AP)—Red China's bid for a seat in the U.N.—sponsored by India for the second year in a row—is headed for another rebuff.

India has proposed that the General Assembly put the subject of "the representation of China in the United Nations" on its agenda for the 12th session to start tomorrow. She and the Soviet bloc want the 81-nation Assembly to seat the Chinese Communists.

But diplomats say the Assembly will vote overwhelmingly to side-track the bid for another year.

The Peiping regime will do well to get as much support as it did a year ago in a similar test. At that time 47 countries voted to

Six-Year-Old Brings Grenade to Police

DOVER, N. J. (AP)—Six-year-old Paul Delvey walked into police headquarters last night and dropped a hand grenade on the desk saying: "My grandmother told me to give you this."

Lt. Joseph Petzelka first ducked under the desk and then recovered, running outside with the grenade. He called a demolition expert who disarmed the weapon and found it empty.

Paul's grandmother, Mrs. Mary Delvey, later told police she had found the war souvenir while cleaning out a closet.

Equitable's Living Insurance Family Style

Here is personal coverage on each insured member of your family under one single policy with a choice of two plans...

A Family Protection plan providing insurance on dad, mother and the children... and a Family Security plan providing a valuable savings feature, too.

Now The Equitable Life Assurance Society of the U.S. offers you this new and unique choice in family insurance. Its benefits are different from any offered the American family.

Here is your opportunity to have low-cost *Living Insurance* fit the needs and aspirations of your own family.

In other words, this is a take-what-you-need proposition. In *Living Insurance Family Style* you pick the plan that suits your family best. Here's how it works.

Family Protection

If you're a young father, your primary interest probably is immediate individual coverage on your-

self, your wife and your children. Then Family Protection is your plan and here's what you get for each unit.

\$5,000 of permanent insurance coverage on yourself... insurance with cash values that increase each year and on which you can borrow money in time of emergency.

\$3,000 immediate coverage on your wife to age 30... term insurance giving maximum protection during the critical years, decreasing gradually and terminating at her age 65.

\$1,000 of coverage on each insured child under 18... term insurance to age 25 or mother's age 65, whichever occurs first, may then be converted to permanent insurance without medical examination up to 5 times the amount of term insurance. Automatic coverage at no extra cost is provided for future children beginning when they are at least 14 days old.

Family Security

On the other hand, suppose you want the advantages of family coverage but feel that you'd like a greater amount of cash in hand when you reach retirement age.

Then the Family Security plan is for you. Here's what you get for each unit.

\$3,000 of endowment coverage on your life payable in cash when you are 65 or payable on death before your age 65.

\$1,000 of endowment coverage on your wife payable in cash on the very same day that the coverage on your life matures as an endowment—or payable on her prior death.

\$1,000 of coverage on each insured child under 18... term insurance to age 25 or your age 65, whichever occurs first. The Family Security plan also contains conversion privilege for the children, and automatic coverage for future children.

Built-in Benefits

The Family Protection Policy and the Family Security Policy are available in amounts up to a total of 3 units. Both plans have valuable built-in features. For example, if father dies, insurance on mother and children is automatically paid up with no further premiums due.

Take a long and careful look at your family now. Then send in the coupon below for complete details on *Living Insurance Family Style*.

Valuable Offer

If you act promptly, you will also receive a handy Equitable Baby Sitters' Memo and a convenient chart for measuring and recording your children's day-by-day growth!

Myrna Loy Denies Using Sex Appeal

NEW YORK (AP) — Red-haired Myrna Loy yesterday denied a Communist charge that she used her sex appeal to influence the United Nations.

"That sort of thing is so typical of the Communists," the film actress said at her home here.

Miss Loy, 52, said the Hungarian press report was "an obvious attempt to belittle the seriousness of the petition which was supported by many men in all walks of life."

She visited U.N. headquarters last Thursday as a member of a non-governmental group of nationally prominent persons. They presented a petition to U.N. Secretary General Dag Hammarskjöld and Prince Wan Waihayakon of Thailand, president of the U.N. General Assembly.

The petition asked the U.N. to implement its resolution condemning the Soviet aggression during the Hungarian revolution last year.

The Hungarian report, published in the Communist newspaper Nepszabads, said: "The charming film star used her finest smile for the occasion, and emphasizing her female charms was undoubtedly designed to influence the president of the General Assembly."

OBITUARIES

James Edwin (Buzz) Michael

Funeral services for James Edwin (Buzz) Michael, age 32, of 506 West Third Street, who died at the Bothwell Hospital Friday at 8:40 a. m. were held at 2 p. m. Monday at the Gillespie Funeral Home, with the Rev. Kenneth W. Davidson and Masonic bodies officiating.

Mr. Michael was born in Sedalia, Aug. 15, 1905, son of the late Asbury N. and Minerva Tevis Michael. He was married to Miss Dorothy Hall Aug. 1, 1928, who survives, as do three children, one son, James Robert Michael, Wichita, Kan.; two daughters, Carolyn Louise Michael, a WAVE in the U.S. Navy stationed in Norfolk, Va., and Marilyn Ruth Michael, of the home; one grandson, Robert Alan Michael; and three sisters, Mrs. Eula Roberts, Sturgeon, Mo., Miss Ruby Michael, 1020 West 16th, and Mrs. Mildred Karriek, Houston, Mo.

Mr. Michael followed the grocery business here and at West Plains and Clinton until 1950 when he returned to Sedalia and was employed by Ed's Welding Supplies as route driver salesman until his first heart attack Jan. 4, 1955, from which he never fully recovered. He had been employed as cashier at the Coffee Pot Cafe for the past 1 1/2 years, working when he was able until his last illness which kept him in the hospital from July 6 until his death.

He was a member of the East Sedalia Baptist Church, Modern Woodmen of America, Masonic Bodies and Order of the Eastern Star, No. 279.

Russell Maag sang "Beyond the Sunset" and "Beautiful Garden of Prayer." Miss Lillian Fox was the organist.

Pallbearers were Wayne Gibbs, Taylor Yount, William Howell, Ike Goldberg, Ed Young, Leonard Buchholz and Whitley Woodson.

Burial was in Memorial Park Cemetery, Hillcrest Addition.

Fritz Schwermer Services

Funeral rites for Fritz Schwermer, 1113 East Broadway, who died Friday at Bothwell Hospital, were held at 10 a. m. Monday at the Gillespie Funeral Home, the Rev. Armin F. Klemme, pastor of the Evangelical and Reformed Church officiating.

Russell Maag sang "Rock of Ages" and "Beautiful Isle of Somewhere."

Burial was in Memorial Park Cemetery.

William A. Hurt Services

Funeral services were held at 2 p. m. Sunday at the Pisgah Baptist Church for William A. Hurt, who died Friday at the Rolls Rest Home, California, the Rev. G. Elmo Purvis, California, officiating. Burial was in the church cemetery.

The body was at the William Funeral Home, California, up to time to leave for services.

Mrs. Virginia Robinson Taylor

Mrs. Virginia Robinson Taylor, 120 West Hogan, died at 12:01 a. m. Sunday at her home.

She was born in Saline County and had resided in Sedalia a long term of years.

Surviving are her husband, Irwin Taylor, a son, Clyde Robinson, Sedalia; five grandchildren, a sister, Mrs. Minnie Hinkle, Sedalia; brother, Glover Brown, Jefferson City; an aunt, Mrs. Mary Scott, Kansas City, several nieces and nephews.

Funeral arrangements are incomplete.

The body is at the Alexander Funeral Home.

Four Persons

(Continued from Page One)

Raymond Cordes, Route 1, about two miles west of Highway 65 some ten miles south of Sedalia.

Cordes reported his 1956 Buick hardtop sedan was stolen by the two and was seen to be headed east on the country road toward Highway 65.

About 5 o'clock Sunday evening a call was received at the Sedalia police station that a Buick car was in a ditch 13 miles south of Sedalia on County Highway C. The car, it was learned, was that of Cordes and was badly wrecked.

The car apparently had been driven due east from the Cordes farm and headed across Highway 65 and over to Route C. One of the two occupants was injured, as there was evidence the passenger had been thrown against the windshield and the dashboard of the vehicle was damaged where his body had been thrown against it.

As soon as it was determined the car was that of Cordes, the state troopers began a search of the area for the escapees. Later it was learned two men tried to get a farmer to let them make a long distance call to Indiana over his telephone but they were not permitted to do so.

They were later reported near Highway 135 and County Highway CC. The search then turned to that area, where empty houses and barns were searched. Believing they might try and steal another car, the road block was set up by Sgt. Van Winkle.

At 3 a. m. Monday morning no trace of the two was found.

Auxiliary to Post 2508, Veterans of Foreign Wars, will hold regular meeting at 8 p. m. Wednesday, Sept. 18, at the hall, 118 1/2 East Fifth Street.

The regular meeting of Pettis County Post No. 16 will be held on Monday evening, 8 o'clock at American Legion Hall, 114 1/2 East Fifth Street.

Dean Winfrey, Adjutant. Joe Comer, Commander.

Sedalia Assembly No. 23, Social Order of the Beauceant, will meet in regular session on Tuesday afternoon, Sept. 17 at 2 o'clock at the Masonic Temple. Conferring of the Degree. Visiting members welcome. Social session. Officers will please meet at 1 o'clock for practice.

Mrs. B. B. Bess, President. Mrs. William L. Reed, Rec.

St. Omer Commandery No. 11, Knights Templar will meet in special convocation Tuesday, Sept. 17, 1957 at 7:30 p. m. for work in the Order of the Red Cross. All Sir Knights welcome.

Jesse H. Gwinn, Commander. W. L. Reed, Recorder.

Service circle, Sedalia Chapter No. 57 O. E. S. will meet Wednesday, September 18 at 2 p. m. at the home of Mrs. E. S. Lugen, 612 E. 16th. Assisting hostesses are Mrs. Charles McNeely, Mrs. L. U. Morris, Mrs. Myrtle Moore and Mrs. Mara Brown.

Four Girls Win District Wool Style Contest

Four girls will represent Pettis County in the district "Make It Yourself With Wool" contest Saturday, Oct. 5. They are Linda Dickerson, 519 North Quincy, and Carolyn Ryan, Route 5, Sedalia, in the Sub Deb class and Linda Vedder, 1106 West Fourth, and Dana Gordon, Windsor, in the junior class. There were no entries in the senior class.

Other girls entering in the junior class were Mary Anne Lipscomb, 600 North Stewart, Anna Louise Stevens, Route 4, and Caroline Staley, Route 2, Sedalia.

The county contest was held Saturday at the First Methodist Church in Sedalia. The garments were judged for construction during the morning. The girls modeled them in a style revue during the afternoon, after which the winners were announced.

Prizes for the county contest were contributed by Midtown Fabrics, Kansas City, Montauk Mills Inc., California, Mo., Patterson's department store, Montgomery Ward and Co. and Sears Roebuck and Co., all of Sedalia, and the Sedalia Business and Professional Women's Club.

The committee for arrangements for the contest were Mrs. Mary Maddox and Mrs. Louise McKee, Smith-Cotton High School; Mrs. Marge Hughes, Green Ridge High School; Mrs. Albert Moore, Smith-Cotton High School; Mrs. William Cripe, Hughesville High School; and Opal O'Brien, Pettis County home agent. The judges were Mrs. Rosa Lee Smith and Mrs. Louvina Magness.

Smith-Cotton Coach Is Optimist Speaker

Ralph Dow, Jr., coach at Smith-Cotton High School will be the speaker at Optimist Club Tuesday noon, at Bothwell Hotel, taking for his subject "Youth and Sports."

Special guests will be the boys of the Optimist baseball teams the past summer, the majors and the A and B teams along with their managers and coaches.

2 p. m., Sunday at the Pisgah Baptist Church for William A. Hurt, who died Friday at the Rolls Rest Home, California, the Rev. G. Elmo Purvis, California, officiating. Burial was in the church cemetery.

Mrs. Virginia Robinson Taylor

Mrs. Virginia Robinson Taylor, 120 West Hogan, died at 12:01 a. m. Sunday at her home.

She was born in Saline County and had resided in Sedalia a long term of years.

Surviving are her husband, Irwin Taylor, a son, Clyde Robinson, Sedalia; five grandchildren, a sister, Mrs. Minnie Hinkle, Sedalia; brother, Glover Brown, Jefferson City; an aunt, Mrs. Mary Scott, Kansas City, several nieces and nephews.

City Hospitals

BOTHWELL — Surgery: Mrs. Martha Lutjen, Cole Camp; Mrs. Marguerite Kappelman, LaMonte; Mrs. Kathryn Allen, 806 East Ninth; Frank Reiter, 705 East 11th.

Dismissed: George Bliss, Cross Timbers; Mrs. Estalla Bohannon, 922 East 13th; Miss Glenda Gearhart, Route 3; Ernest Schlichting, 909 South Lamine; Mrs. Anna May Hicks, Route 5.

WOODLAND — Dismissed: Mrs. Norman Keele, 1910 South Prospect; W. T. Williams, 306 East Second.

In Other Hospitals

Wanda Harris, one-year-old daughter of Mr. and Mrs. Henry Harris, 205 East Morgan, was admitted to Children's Mercy Hospital Sept. 12.

Latham Sanitarium — Admitted: Mrs. Stella Farris, Tipton.

Dismissed: Mrs. W. P. Dustan, Barnett; Eddie Kirchoff, California; Mrs. Ralph Sanders, California; Mrs. Charles Wiegand, Herman; Mrs. Maggie Willett, Cross Timbers.

Accidents

Robert Stilwell, 56, a Boonville painter, was found dead Sunday afternoon on a bank of the Lamine river near Thomas bridge, west of Boonville by W. E. Stuesse, state conservation agent for Cooper County.

Stuesse took Dr. M. L. Diekroeger, county coroner, to the scene. Diekroeger said Stilwell had been dead about 24 hours, apparently of a heart attack, and there would be no inquest.

Leaving the scene of Mr. Stilwell's death, Stuesse's car in which Dr. Diekroeger was a passenger, collided with one driven by C. A. King of Sedalia. A state trooper, J. R. Phillips, said no driver was at fault as the road there is narrow and there is a sharp turn off Thomas bridge across the river where the accident occurred.

Police Reports

Ruth Ann Wombles, 1314 South Harrison, reported her son's blue bicycle stolen sometime Saturday night and a small boy's bicycle was set at her home. Later she reported finding her son's bicycle.

The second bicycle was later claimed by R. P. Dowdy, 1400 South Ohio.

Marion Dowd, 400 Wilkerson, found a folder with some money in it in front of the key shop in the 100 block on South Osage. It was turned over to the police.

H. E. Fullerton reported to the police eight windows were broken out of a garage of the Dorn-Cloney Laundry Co. sometime Saturday night.

Police were called to investigate something burning at the D-X Service Station, Broadway and Ohio, at 10:35 p. m. Sunday. They investigated and nothing was found to be burning.

A door at the Monsees veterinary hospital on East Fifth was found open by the police at 11:19 p. m. Sunday. A note was left and the door was closed by the officers.

A large door at the Anderson Sheet Metal Shop on East Main was found open by the police at 10:35 p. m. Saturday. The owner was notified and the police locked the door.

Police were called to Broadway and Engineer at 12:10 a. m. Sunday where someone had been prowling around a service station. Everything was found to be all right.

A prowler was reported at 1217 South Kentucky at 12:32 a. m. Sunday. He was gone when police arrived.

V. P. Wilcox, employed at the Missouri Pacific depot, reported to the police a 135 mm. camera and carrying case were stolen from his car while parked on the east parking lot at the depot sometime Saturday night or early Sunday.

Police Court

Jenkins-Greer Motor Co., 218 South Osage, charged with parking in a no parking zone, 100 block North Osage, forfeited a \$2 cash bond.

S-Sgt. Glenn R. Dody, 1701 South Warren, charged with making a U turn at Second and Osage, forfeited a \$5 cash bond.

A-1c Lawrence R. Williams, 508 South Engineer, charged with careless driving in the 1300 block on East Seventh, failed to appear in police court and his cash bond of \$25 was ordered forfeited.

P. W. Cole, Star Route charged with parking on the wrong side of the street at Fifth and Engineer, forfeited a \$2 cash bond.

Three overtime parkers who failed to appear in police court forfeited their cash bonds of \$1 each and 51 others paid the 25-cent fee.

Leroy Connell, 2122 East 10th, charged with parking on the wrong side of the street in front of 2111 East 10th, forfeited a \$2 cash bond.

S-Sgt. Wesley W. Paynter, of Whiteman AFB, charged with driving a motor vehicle at 18th and Limit while under the influence of intoxicating beverage was found not guilty by Judge Willard Morris. He pleaded innocent.

A-3c Thomas Edward Lucas, of Whiteman AFB, charged with being intoxicated and destruction of property by breaking a window at 119 East Main, was fined \$25 for the first charge and \$25 on the second. He was dismissed as to a charge of throwing trash upon the street.

Ten speeding arrests on radar were made early Sunday morning on South Limit in the vicinity of

11th street. Three had their cases set for Tuesday.

A-2c Richard B. Riley, Whiteman AFB, charged with speeding 36 miles per hour in a 30 mile zone; A-1c Frank Joseph Reilly, Grandview AFB, charged with speeding 38 miles per hour in a 30 mile zone; and A-3c Ralph Shelton, of Whiteman AFB, charged with speeding 42 miles per hour in a 30 mile zone, had their cases set for Tuesday.

Donald L. Wilson, 23, Marshall, Mo., charged with speeding 36 miles per hour in a 30 mile zone, forfeited a \$10 cash bond.

Fred Dettman, Hector, Minn., charged with speeding 36 miles per hour in a 30 mile zone, forfeited a \$10 cash bond.

G. W. Hullett, Marshall, Mo., charged with speeding 38 miles per hour in a 30 mile zone, forfeited a \$10 cash bond.

Joseph Roy Comer, Jr., 1204 South Ohio, charged with speeding 38 miles per hour in a 30 mile zone, forfeited a \$10 cash bond.

Mrs. Betty Piers, Route 4, Sedalia, charged with speeding 36 miles per hour in a 30 mile zone, forfeited a \$10 cash bond.

James A. O'Connor, Whiteman AFB, charged with speeding 36 miles per hour in a 30 mile zone, forfeited a \$10 cash bond.

Quentin E. Harms, 648 East 12th, charged with driving a motor vehicle while under the influence of intoxicating beverage, case set for Saturday Sept. 21. Released on a bond signed by himself.

Lloyd Everett Cramer, 812 South Barrett, charged with careless driving in connection with an ac-

Dog Leaps Into Front Seat, Car Leaves Road

A pet bull dog which jumped from the back to the front seat of a 1953 Mercury sedan, driven by William S. Bradshaw, 1005 South Vermont, started a series of events which caused a wreck of the vehicle and injuries to Bradshaw of a minor nature. The accident occurred about 4:30 p. m. Sunday near the 16th and the Missouri Pacific spur crossing.

According to the police report, Bradshaw was driving south on the blacktop road leading to the fairgrounds, and had just made a turn from 16th when the dog made the jump.

As Bradshaw explained it, "Everything seemed to happen at once; results: did not turn back fast enough, the bull dog was in the way and it seemed like car didn't steer right; could not apply brakes fast enough to stop."

The car hit a culvert and the front end and A-frame was broken. Bradshaw suffered a cut of the right knee and pains in the abdomen.

cident Friday at 15th and Montgomery, was fined \$25 by Judge Willard Morris. He pleaded innocent to the charge.

Following the court action, Cramer took an appeal on the case to the Circuit Court.

Ora Hanrahan, 1613 South Grand charged with not having a city automobile license on his car forfeited a \$10 cash bond.

Astronomy Club Has Meeting This Tuesday

The Sedalia Astronomy club will resume regular weekly meetings on Tuesday nights at Room 6, Smith-Cotton High School.

The first of the meetings will be held Tuesday night, Sept. 17, at 7:30 p. m. The meetings will be of the lecture - demonstration type, supplemented with film-strips, motion pictures and slides obtained from the film libraries of the University of Missouri, Central College, Fayette, and the Astronomical League Headquarters, Washington, D. C. Regularly scheduled observing sessions will be held, depending on weather conditions, at announced times.

The lecture series this year, which is the fourth season for the club, will be concerned with basic astronomy of the solar system with one evening or more devoted to the study of all the planets, meteors, comets, asteroids, and the Earth's position in the solar system. Observing techniques will be stressed in the systematic study of these objects as well as learning the constellations and their mythology.

The minimum age is ten years, for membership in the club, with no maximum age limit. The membership fee is \$2 per year which includes an astronomy text book and constellation-star finder chart. Interested persons are urged to contact Gerhardt Jaeger, science department, Smith - Cotton High School, or Russell Maag, 904 South Ohio, adult sponsors for the Club.

Common-Sense Tax Reform

There are many legal ways to reduce income taxes providing a person understands how to do it and keep within the law. Corporations employ experts at a great expense and yet do this at a saving. Individuals may buy from book publishers brochures on how to save paying more taxes than you actually owe. These almost require a scholar to interpret.

The simplest way in which the middle class income taxpayers can cope with all the complexities of taxes is to employ at a nominal fee those qualified to make out the reports.

Speaking of growing tax complexities, even the experts become entangled over interpretations of the law; courts in one region rule differently on the tax subject than courts in another; attorneys are forever being consulted and enter the tournament of tax jousting.

All of which doesn't add up to tax relief because the more federal spending, the more taxes needed, the more taxes needed, the more confusing the methods of collecting becomes.

First should come some realistic approach to curbing of federal spending; then tax relief. There is a federal law proposed which would force government spending programs to compete with a tax reduction program for each year's newly-created income.

This law has been given a tremendous amount of support by groups and organizations of almost every kind. It is known as H. R. 6452, and has been introduced by Representative Sadlak of Connecticut. Commenting on this bill the Bremerton, Wash., Sun has this to say:

"Over a five-year period, it would reduce the top individual income tax rate from its present peak of 91 per cent to 42 per cent, and the corporation rate from 52 percent to 42 percent. The rates in all brackets, including the very lowest, would be equitably cut. For instance, the existing base rate of 20 per cent would be lowered to 15 percent.

"The government would not be deprived of needed revenue. Mr. Sadlak has presented extremely well documented studies and tables which show that expected increase in federal income resulting from stimulated economic activity would more than offset losses due to the reduced tax rates.

"Finally, the Sadlak bill is definitely not a 'rich man's' tax measure. The greatest total of tax relief — 60 percent — would accrue to people with taxable incomes of \$6,000 a year or less. Only 17 percent of total tax relief would fall in brackets of \$20,000 or more."

Small wonder that Sadlak's bill is called the first common-sense plan for tax reform in nearly 30 years.

The Washington Merry-Go-Round

Secret of Lyndon Johnson's Charm

(Editor's Note: While Drew Pearson is touring the Mediterranean, his column is being written by his junior partner.)

By JACK ANDERSON

WASHINGTON — While cleaning out Senate leader Lyndon Johnson's desk the other day, handymen discovered 10 typewritten rules for "getting people to like you."

Those who know likable Lyndon believe the list may be the secret of his political charm. The 10 rules seem to be tailored to fit his personality (or vice versa).

No more ingratiating politician has ever stalked the Capitol corridors than the lean Texan. He is not the backslapping, but more the back-hugging type. He is often seen in a two-man huddle, his huge arm wrapped around a colleague's shoulder, his lips close to a colleague's ear.

That persuasive arguments are whispered therein is evident from Lyndon's remarkable success as Senate leader. Few have operated the cumbersome Senate machinery with such slight grinding of political gears.

The rules found in Johnson's desk are typed in the jumbo print he uses for easy reading on paper that shows signs of much fingering. Key words are underlined, exactly as follows:

"Getting people to like you:

"1. Learn to remember names. Inefficiency at this point may indicate that your interest is not sufficiently outgoing.

"2. Be a comfortable person so there is no strain in being with you. Be an old-shoe, old-hat kind of individual.

"3. Acquire the quality of relaxed easy-going so that things do not ruffle you.

"4. Don't be egotistical. Guard against the impression that you know it all.

"5. Cultivate the quality of being interested so people will get something of value from their association with you.

"6. Study to get the 'scratchy' elements out of your personality, even those of which you may be unconscious.

"7. Sincerely attempt to heal, on an honest Christian basis, every misunderstanding you have had or now have. Drain off your grievances.

"8. Practice liking people until you learn to do so genuinely.

"9. Never miss an opportunity to say a word of congratulation upon anyone's achievement, or express sympathy in sorrow or disappointment.

"10. Give spiritual strength to people, and they will give genuine affection to you."

Gravy Train

Young, enterprising David Ginsburg, former chief counsel of the defunct Price Control Agency, is riding the gravy train in two directions at the same time.

His law firm is the chief lobbying agent for German interests seeking to retrieve confiscated Nazi properties in this country. Yet his firm also represents the Israeli government, whose people suffered the worst Nazi atrocities.

Until recently, Ginsburg had a special pipeline into the State Department. On his payroll was Harriett Margolies, whose husband, Daniel Frank Margolies, worked in the office of German affairs.

A State Department spokesman admitted Margolies was close to the German property case but denied that his connection with Ginsburg had anything to do with his transfer to London last month.

Ginsburg's registration as a foreign agent, it

should be added, carefully stipulates that Harriett Margolies did research work "for the government of Israel only."

Note: The Ginsburg firm collects \$25,000 a year from the Germans, \$10,000 from Israel. If the Germans are successful in recovering their confiscated holdings, the firm stands to make over \$14,000,000.

Strange Offer

A New York businessman's offer to arrange to send four congressmen on an all-expense tour of Dictator Trujillo's tiny Caribbean country has been mysteriously withdrawn.

The strange offer was made by Lee Miller, owner of a Fifth Avenue firm called Fashion Accessories. He promised free trips to Congressmen Abraham Multer (D., N.Y.), Frank Thompson (D., N.J.), Dean Taylor (R., N.Y.), and William Widnall (R., N.J.).

The four were offered a week in the Dominican Republic, all expenses paid. But Miller wouldn't say who was backing the junket.

After this column started checking, Miller announced the deal was off. He explained that the "angel" who was supposed to pay for the trips had backed out.

French Warning

French Premier Bourges Manoury has warned the American embassy he will have no choice but to partition revolt-torn Algeria unless he gets American support.

Such a partition, he predicted, will result in at least half of Algeria falling into Communist hands. He said it was imperative for the United States to side with France in the United Nations debate on Algeria.

Meanwhile, Foreign Minister Pineau during his Washington visit complained to Secretary of State Dulles that the United States is acting far too timidly in the Middle East. Present American policies, he said, are transparent bluffs and are doing nothing to stop Soviet penetration.

Pineau got this criticism off his chest during a private conference with Dulles at his home. The French statesman wound up by saying there would be no crisis in the Mideast today if France, Britain, and Israel had been allowed to take care of Egypt last fall.

Elephant-Sized Task

Even before William Proxmire, Democrat, took the late Senator McCarthy's Wisconsin Senate seat, the Republicans had a difficult task ahead in trying to win the Senate in 1958.

With the newcomer, the alignment is now 50-46 for the Democrats. To gain control, the GOP must pick up a minimum of two seats now held by the opposition. That would make it 48-48, with Vice President Nixon able to break the tie and allow the Republicans to organize the Senate.

Picking up two seats sounds easy. But GOP chances are limited by the fact that only 12 Democratic berths, including Proxmire's seat, are on the block next year. Since five of these are in safe southern territory, the GOP fighting ground is reduced to seven Democratic seats.

Proxmire's seat will be hotly contested by Wisconsin Republicans, and he will not have much time to entrench himself.

The other six Democratic incumbents—Senators Pastore of Rhode Island, Kennedy of Massachusetts, Symington of Missouri, Chavez of New Mexico, Mansfield of Montana and Jackson of Washington—are either highly popular or very well established.

Derailing any single one of these men—if it be assumed they all run again—is a man's job and the Republicans know it.

Barring the unforeseen, 1958 is not a year of high hope for the GOP in Congress.

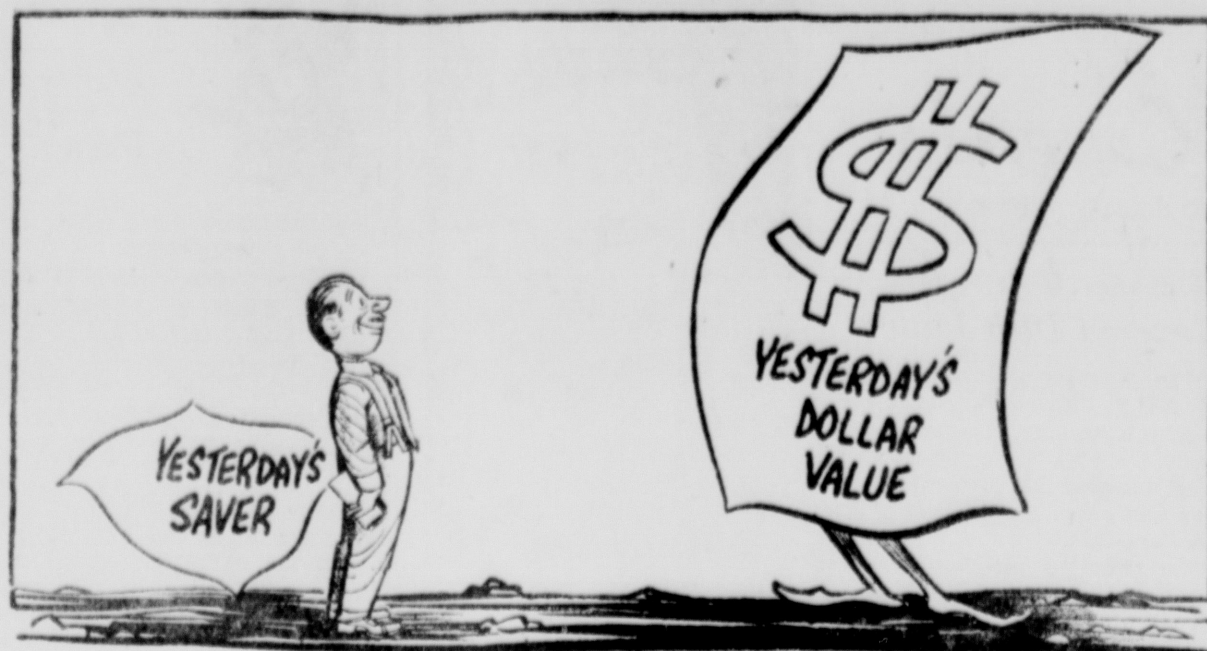

Representative Jeannette Rankin (Montana) was the only woman in Congress to vote for women's suffrage.

Thought for Today

Lord, hear my voice: let thine ears be attentive to the voice of my supplications. Psalms 130:2.

To be a Christian is to obey Christ no matter how you feel. — H. W. Beecher.

The World Today

Some Communist Claims Have Truth

By JAMES MARLOW
Associated Press News Analyst

WASHINGTON — On Nov. 7 the Russians will celebrate the 40th anniversary of the Bolshevik Revolution. They will point with pride and make claims to progress made under communism in those four decades.

Already the American State Department has started trying to offset Russian claims to progress by publishing a 50-page booklet which belittles the Soviet record in such diverse fields as these:

Unionism, treatment of minorities, political freedom, equal rights for women, crime, religion, employment, housing, food, prostitution.

Nevertheless, State Department people are concerned about the real and undeniable progress the Russians have made in other ways. For instance: Science, the development of atomic weapons and jet planes.

In those 40 years Russia has risen to be the second most powerful nation on earth.

Yet, after 40 years of Communist agitation, promises and propaganda, not a single country has voluntarily turned to communism in open and free elections. The conquests have been by force or subversion.

As an example of how political liberty has disappeared — instead of gaining ground—in Russia the State Department quotes Lenin in 1903. That was when he wanted liberty himself and 14 years before he had the power to suppress it.

He said: "Political liberty means the right of the people to choose their own officials, to call

any meetings they please for the discussion of all the affairs of state . . ."

The department notes that while Czarist Russia was the least democratic in Europe, at least it permitted a wide variety of political parties. The Communists wiped out all parties but their own after they took over in 1917.

The Soviet constitution does not allow freedom to organize political parties. The police even control mimeograph machines which might be used for turning out political pamphlets in opposition to the Communist dictatorship.

The State Department quotes Lenin's advocacy of free speech and news—before the Revolution—

and what he said in 1920, three years after the Revolution:

"The periodical and nonperiodical press and all publishing enterprises must be entirely subordinate to the central committee of the party . . ."

And the department adds on its own: "Of the literate population of the world, the Soviet people have the least access to news."

The department also ridicules Russian claims to full employment: "Not only has unmistakable unemployment appeared in the U.S.S.R. but it comes at a time when the claim to full employment was one of the remaining props on which to base their economic propaganda . . ."

Dr. Jordan Says

Cause of Eczema Often Is Difficult to Pin Down

By Edwin P. Jordan, M. D.

A correspondent has asked for another discussion of eczema, particularly "nummular" eczema.

The latter merely means that patches of eczema on the skin are shaped like a coin. The cause may be the same as any other variety of eczema.

Eczema is defined as an inflammatory disease of the skin with blister formation and the development of scales and crusts. However, its appearance varies widely. It may or may not be accompanied by itching and burning.

Among skin specialists there is some tendency to abandon this old name and to use the name dermatitis venenata.

Thus, eczema in this sense is strictly the result of an outside irritation and can include such conditions as are caused by poison ivy or poison oak.

Because the nature of the irritant varies so much, and the skin differs greatly in its resistance to such irritants, the amount of skin difficulty and the appearance of the skin show great differences from one person to another.

However, when first starting, the skin usually appears simply red. If the irritation has been severe the skin may show blisters or even small pus pockets. After a while the redness and other signs of inflammation may give way to chronic symptoms, the original cause of which is often hard to trace.

Eczema shows up on those parts

of the body which have rubbed against the irritating substance. For this reason the hands, face and legs are more common locations than parts of the skin which are protected by clothing.

Often the skin burns or itches even before it shows redness. It is natural to scratch a place which itches by scratching further injures the skin.

The list of substances which can cause eczema is almost unlimited. It includes hair dyes, face powders, shampoos, tincture of iodine, weeds, the dye in clothing, and more rarely the ink in newspapers and match boxes. Almost all chemical substances used in industry have been at one time or another uncovered as a cause of eczema.

There are four objectives of treatment: to identify the substance which is causing the difficulty, to take steps to avoid further contact, to avoid putting things on the skin which might make the condition worse, and to use ointments and lotions to help relieve the inflammation and allow the skin to return to normal.

Identifying the cause is often extremely difficult.

Another problem in many cases of eczema is that the patient may have tried to treat himself or herself with some substance which resulted in additional irritation and which masks the true nature of the original irritant. Several skin specialists have told me that self-treatment too often complicates their job.

Ruth Millett Says

Rules For Teenagers On Understanding of Parents

Parents are forever being told how important it is for them to "understand" their teenagers.

But how about teenagers trying to understand their parents?

There are a few facts about parents all teen-agers ought to understand.

1. Most parents carry a big load of responsibility. Anything a teenager can do to lighten the load is bound to make happier parents and a happier home. A teenager who can be counted to use a little judgment takes a big load of worry off his parents.

2. Parents need some social life just as much as teen-agers. So when family plans conflict, it shouldn't always be the parents who give up their evening out.

3. Teen-agers who think their parents are too strict ought to realize that there actually are teen-agers who say, "I wish my

parents cared enough about me to make some rules."

Need Appreciation

Only completely irresponsible parents let their teen-agers do everything they want to do.

4. Parents need to feel that what they give their children is appreciated. They don't if all they hear is what some other teen-ager has. If Pop lets Junior take the family car on dates he ought not to have to listen to Junior talk enviously about what a neat car some father with more money has bought for his son.

5. Most parents work hard and need some help from their teen-ager children. But only if it is done willingly is it any real help.

If teen-agers understood even this much about their parents, it would go a long way toward making it easier for their parents to understand them.

HIGHLIGHTS AND SIDELIGHTS FROM YOUR STATE CAPITOL

By JACK L. SIMION
Jefferson City Correspondent

State National Guard Looking For Missouri Summer Camp Site
If the war department should close Fort Leonard Wood as an

after Missouri had spent thousands of dollars on the post, the army stepped back in and opened the Fort.

Since then, Missouri has sent its national guardsmen to Minnesota for summer training. Camp Ripley, Minn., is owned and maintained by the state of Minnesota. For every Missouri guardsman trained at Camp Ripley, the federal government pays Minnesota \$7.70 a day.

Besides the amount received from the federal government, the Missouri national guard spends thousands of dollars in Minnesota for food, gasoline and entertainment while on summer maneuvers.

While the national guard is not in favor of closing Fort Wood, headquarters sources say it would offer an opportunity for Missouri to set up a summer training camp which would attract national guard troops from other states. Since a national guard camp needs thousands of acres for artillery ranges and training fields, Fort Wood is the only available land outside of national forest areas in Missouri.

Missouri Minerals Add to State Value

Missouri mineral production in 1956 was valued at \$101,554,409 with lead, limestone and coal listed as the most valuable.

According to the state division of mine inspection, the Missouri lead production last year was valued at \$33,327,539 with limestone a close second with a valuation of \$29,277,035. The coal production in the state was valued at \$14,036,920 and clay was just behind with a valuation of \$13,589,327 last year.

Limestone was the leading Missouri mineral in terms of quantity with production hitting 15,339,186 tons last year. Coal production was 3,264,400 tons and clay, 2,288,874 tons.

SHORT SNORTS: Gov James T. Blair took over the controls and flew a national guard C-47 plane from Michigan to Jefferson City recently when the governor was returning from a brief rest. The governor reportedly did a creditable flying job. He was a Lt. Col. in the troop carrier command of the air force in World War Two although not a flying officer . . .

State Rep. James Nolan (R-Camden county) is reported seeking the republican nomination for 11th district congressman next year. Nolan plans a personalized campaign — if he makes the race — in an attempt to wrest the seat away from the incumbent, Morgan Moulder, who barely defeated his republican adversary in 1956 by a few thousand votes . . . Sen. Michael Kinney (D-St. Louis), the oldest active state legislator, appeared in his Jefferson City office recently following surgery for a prostate condition. "My doctor tells me I've got at least 25 years insurance now," Kinney said. He doesn't disclose his age but is believed to be past 80.

Diesel fuel powers about 80 per cent of all railroad transportation service.

Guest Editorial—

PHILADELPHIA INQUIRER: Keep Up Fight On Relief Chiselers. The big problem of social and welfare agencies is to help those who really need help—while at the same time preventing chiselers from robbing the taxpayers.

There is good news for Pennsylvanians in the disclosure that their State Department of Public Assistance is meeting this problem with a surprising degree of success, both in helping families in distress—and in recovering money fraudulently obtained in relief payments.

Such costs are a big factor in our steadily climbing taxes. That's why it is imperative to wage an unceasing campaign against all those who forget that chiseling on welfare agencies is equivalent to robbing their neighbors.

Arrangement and Type of Buildings Can Determine Profit of Any Farm

Open Front Structure Rises In Popularity

By Carl Scheneman
MU Extension
Agricultural Engineer

The high cost of farming is causing many of you to look for ways and means to become more efficient. Type and arrangement of your farm buildings may determine whether you can meet the competition of your neighbors.

In other words, if your neighbor with his buildings and labor saving equipment can milk 30 cows and farm 240 acres compared to you milking 15 cows and farming 240 acres with your horse barn type of building, his profit will probably be at least two times greater than yours, and he will be in much better position to weather higher production costs as well as lower prices.

The type of building that many farmers are using successfully is called the open front type. It is largely a building with roof and three sides with as few post supports as possible. This type of building allows great flexibility as it can be used for about any kind of livestock. Partitions, such as box stalls, are eliminated. Temporary partitions can be supplied by using movable gates. Hay can be stored on the ground and movable mangers can be used.

Selecting the type of building for hogs probably causes the greatest trouble. The question of whether to build a permanent farrowing house or movable houses depends upon the system of management that you are using in your hog operation. Both types can be used successfully.

If you plan to use a permanent farrowing house, pick a building that has sufficient width to allow movement of equipment through the center alley. A building 24 feet wide is satisfactory. Also, select a building that has movable partitions so they can be removed for easy cleaning.

You have a wide choice when it comes to selecting movable hog houses. One widely used type is the two-sow shed unit. When two of these two-sow units are pulled together, they provide additional shelter from the weather. The conventional A and modified A type hog houses are still widely used.

You also need to consider width when selecting a poultry house. A 24 foot width will allow you to drive through the center alley with a tractor and wagon for easy cleaning. Select a poultry house that can be well ventilated. Some of our popular Missouri plans come in widths of 24 - 30 - 36 and 48 feet. However, you can expect to use mechanical ventilation methods in the 48 foot widths.

Machinery storage buildings are of two general types; open front type and drive through type. If you select the open front type, keep the width about the length of your longest piece of equipment. Generally, 24 to 28 foot widths are more practical than 30 to 32 foot widths.

If you want the drive-through type machinery shed, be sure that the minimum width is 40 feet. With modern machinery the narrower widths are most unsatisfactory.

The proper type, size, and location of a farm building can decrease your work load, and, in many cases, help you to increase your farm income.

Before you build, see your county agent for a complete list of building plans that are available from your College of Agriculture.

University Geneticist Reports Some Success In Control of Sex

BERKELEY, Calif. (AP)—A University of California geneticist has reported some success in experiments to control the sex of offspring in rabbits.

Dr. Manuel Gordon said that of 167 laboratory-bred offspring, the sex of 113 was correctly predicted. He said it would be premature to consider using his experiment on humans.

The general principle centers on electrical attraction of the sperm cells. Female-producing cells, under favorable circumstances, are attracted to positively charged points, and oocytes. Male-producing sperm are attracted toward negatively charged points, cathodes.

Dr. Gordon separated the two sets of sperm in the chamber of an apparatus containing positively and negatively charged poles.

High In Some Counties

Hessian Fly Count Is Relatively Low

University of Missouri extension entomologists have just finished their summer Hessian fly survey and, in general, they say fly numbers are still relatively low over the entire state. However, in a few counties, such as Lincoln, Franklin, Cape Girardeau, Perry, and Scott, counts are high enough to cause some concern.

For the past several years, Hessian fly numbers have been gradually increasing. This rise has been slow and, in most areas, numbers aren't yet high enough to be too worrisome.

But with this increase in numbers a gradual increase in fly damage has been evident. Both fly numbers and damage are apt to increase as long as farmers generally ignore the fly-free date.

Whether a person should observe the fly-free seeding date this year depends primarily upon his own situation, say the entomologists. They suggest keeping these things

in mind when making such a decision.

It does little good for one person to observe the fly-free date if his neighbors ignore it. Flies carried over in the neighbors' fields will infest fields seeded after the fly-free date the following spring. By seeding before the fly-free date, many farmers have been able to cash in on some much-needed wheat pasture the past several years. Although this early seeding will probably eventually result in heavy fly damage, the value of the pasture over a period of years is greater than the fly damage to the grain crop.

There is no way of accurately predicting how much fly damage will show up next spring although indications are that it won't be much more severe than this year. Even so, the entomologists say farmers seeding wheat before the fly-free date should consider their work a calculated risk. The fly-free date for Pettis County is Oct. 7-8.

GOOD FARMING

in Pettis County

By MERLE VAUGHAN
County Extension Agent

Grain Drying

In most recent years, the value of crops produced by Pettis County farmers has exceeded five million dollars. A considerable amount of farm produced grain is marketed through livestock and livestock products. However, on nearly all farms some grains are produced to sell for cash.

Many farmers with grain to sell find it profitable to store it for a period of time and sell after harvest when prices are usually higher. Also many livestock producers who need more grain than is grown on the farm will find it advantageous to buy at harvest when prices are normally lower. Regardless of whether the farmer is buying or selling grains, a good marketing program can improve net income on the farm. Such a program would include:

1. Planting the types and varieties of crops best adapted to the area and in greatest demand by the buyer or consumer.
2. Proper adjustment and operation of harvesting machinery to prevent losses and to yield crops of highest quality.
3. Adequate grain storage and drying equipment to keep grain in top quality until used on the farm or sold in the market place.
4. Selecting the most opportune time to sell the crop. This will require the latest information on supplies, demand, consumption, exports, etc.

Drying Systems
I had the opportunity to attend a district meeting on grain drying recently and will try to bring out a few major points. First there are three major classifications of grain drying systems.

1. Natural air drying.
2. Natural air drying with supplemental heat.
3. Heated air drying.

The three basic methods of bringing the drying air and the crop to be dried together are:

1. Bin or bulk drying.
2. Batch drying.
3. Continuous drying.

Most farmers will be interested in the bin or bulk drying. By this method a fan forces air in the bottom of a bin and out the top. Sometimes a small supplemental heater introduces heated air into the fan for additional efficiency.

Operation of Fan
This requires judgment and care. Some recommend that the fan be operated continuously after grain has been binned. If this is done, during the night or rainy days when the relative humidity is high, moisture will actually be put back into the grain.

Operate the fan continuously as long as the moisture content of the grain exceeds 15 per cent. Then the usual procedure is to operate the fan only during the day when the humidity is lower. They are usually not operated at night, during rainy days or other times of high relative humidity.

Warning Against Gases From Silos

Farmers busy filling upright silos need to beware of highly poisonous gases that may come from newly-cut silage, according to Merle Muhrer, University of Missouri agricultural chemist.

At least two reports of the formation of toxic silage gases have been received by the University's agricultural chemistry department within the past week, he said. Neither involved any casualties.

According to Haden, a dense orange cloud of gases was blown out of a partially-filled silo during the filling operation. The gases were forced out of the silo by a blower prior to starting a day's work.

The other report of poisonous silage gases came from Morgan County, Muhrer said. Discovery of the gas there also came at the start of a day's work and the gas was blown out of the silo.

According to the chemist, plants, especially corn, gather high concentrations of nitrate when grown under adverse conditions. Dry weather around the state the past few weeks has brought a check in the normal growth process of corn and may have caused nitrate to collect in some instances.

When silage from corn with high nitrate content ferments, a part of the nitrate is released and changed into either nitrogen trioxide, nitrogen dioxide, or nitrogen tetroxide.

Poisoning from these gases is now common enough that the medical profession has recognized it as a specific disease and has labeled it "silo-filler's disease." Some cases are so severe that it kills victims immediately.

Steady Pace Is Expected For Economy

The country's economy has kept a steady pace recently and there's little evidence of any major change during the rest of the year, says C. E. Klingner, University of Missouri extension agricultural economist. The leveling off of business since March of this year followed an almost continuous rise since mid-1954.

Some clouds appear on the economic horizon but, as a whole, business continues good.

A few indicators, including industrial production, unemployment in some areas, and new housing starts, show signs of weakness. Others, such as total civilian employment and retail sales, have held constant while the gross national product and personal income continues to show increase.

An examination of individual parts of the economy tend to support the view that continued growth and expansion can be expected, Klingner says. However, it would be at a slower rate than in 1956.

Farm prices increased about one per cent during the month ending July 15. This brought the parity ratio to 84, two per cent above June but still one per cent below a year earlier.

Net farm income is expected to be only slightly higher than for 1956. The increase will be due primarily to increases in payments made under the Soil Bank program.

Residents Don't Agree On Sounds of Tornado

KONAWA, Okla. (AP)—Not all tornadoes "roar like a freight train," say residents of the Sacred Heart community north of Konawa.

The community was struck by a twister which killed two and injured 13 others Saturday night, and none of the residents heard it coming.

Loni Smith said he didn't go to his cellar because he thought it was "just another storm" until the twister hit his house.

FOUNDATION FOR A HIGHER MILK LEVEL!

- Prolongs Production
- Improves the Calf

Feed Pioneer Dry and Freshening to your dry cows... and assure greater milk production for a longer period after freshening. Pioneer not only promotes easier calving and more vigorous calves, but brings the body back to the correct level for prolonged milk production... the kind of production that increases your milk profits!

Helps Level Out

USDA Recommends Using Lights In Egg Production

Hens need from 13 to 14 hours of light to produce well. Light is known to stimulate the production of reproductive hormones. As the days get progressively longer from December thru the spring we see a natural increase in egg production. This accounts for the heavy spring egg crop.

By using artificial light in the fall to increase the length of day

to 13 or 14 hours, good egg production can be maintained.

Electric lights can increase fall and winter production by 20 to 30 percent under favorable management conditions. Lights used on laying birds do not increase annual egg production to any marked degree, but they enable the flock to produce more eggs in the late summer, fall and early winter. Normally, the price of eggs goes up about 10 percent during this period. Another point is that lights help even out annual production so that producers of market eggs can have a more even supply of eggs the year around for their customers.

The U. S. Department of Agriculture recommends the use of at least one 60-watt incandescent or one 15-watt fluorescent lamp for every 200 square feet of floor space. The lights should be spaced 10 feet apart and installed five feet above the floor. The use of reflectors gives better light distribution. Automatic time switches are recommended. They are inexpensive, easy to install and are a real convenience. For best results use the same lighting system every day during the operating period.

One other thing, dust the light bulbs at least once a week to get the most out of the lighting system used.

Bootheel Area Reports Sorghum Hit By Worms

Sections of the Missouri Bootheel are reporting severe damage to sorghum heads from attacks by fall armyworms and corn earworms. Luckily this situation has not shown up in other parts of the state. Missouri extension workers in entomology believe the large acreage of late corn has much to do with the low number of these pests over most of the state. It seems the worms prefer to lay their eggs on silking corn rather than on sorghum heads.

There is a good possibility, however, that when corn stops silking, the worms will turn to sorghum. In this event, extension entomologists recommend usage of phosmid at three-tenths pound per acre. In recent tests, toxaphene at two pounds per acre and endrin at three-tenths pound per acre have given good results. However, these two materials have a zero tolerance on sorghum. This close to harvest neither can meet that tolerance at the dosage mentioned on a 30 to 40 day interval between spraying and harvest. If spraying is planned, Missouri specialists advise that these tolerances be kept in mind.

California has the largest deer population in the United States with more than a million of the animals.

Only one foot of Bruce Livingston, 14, was sticking from the bank when young Ed Drake chasing the ball, saw the foot and sounded the alarm.

Joel Freeman, 35, dug the unconscious boy out and gave him artificial respiration until lifeguards revived him with oxygen.

Koreans Unveil Statue Of General MacArthur At Port of Incheon

INCHON, Korea (AP)—A 12-foot statue in bronze of Gen. Douglas MacArthur was unveiled yesterday at this west coast port where his U.N. army staged its famous landing seven years ago.

President Syngman Rhee said in a speech read for him at the ceremonies that the landing was "one of the most memorable feats in the history of warfare."

The surprise landing broke the back of the invading North Korean army and would have spelled complete victory in the Korean War had not the Chinese Communists intervened.

The \$70,000 for the statue was raised by a committee of government officials and civic leaders who received donations from Koreans of all walks of life. MacArthur was invited but was unable to attend.

Cards Order Their Tickets For Series

ST. LOUIS (AP)—The St. Louis Cardinals, flushed by a double-header sweep and bolstered by the return of the injured Stan Musial, yesterday ordered World Series tickets printed and stuck two scouts on the trail of the New York Yankees.

The Cards are only 2½ games shy of front-running Milwaukee, which knuckled under to Philadelphia 3-2 yesterday while St. Louis swept Pittsburgh 9-6 and 11-3.

The Cards — both the players and the front office — feel the club is now in position for a do-it-yourself drive to the pennant. No longer do they have to rely on the help of other clubs.

"We expect to do it," General Manager Frank Lane said.

"They can't afford to make many slips or we'll be right there," said Manager Fred Hutchinson.

"Now we have a chance to do it on our own, and if we don't, then what the hell."

Immediately ahead, tomorrow and Wednesday, are two games with Brooklyn. Hutch said the third-place Bums will be tough.

Looking farther ahead, the St. Louis skipper predicted the pennant will be decided in the Cardinals' three-game series at Milwaukee Sept. 23-24-25.

"It looks like it might all center on those games," he said.

Musial tacked two points onto his National League batting lead in his return to the starting lineup after 20 games. He had 3-for-6, giving him a .342 mark.

In the first game, he unknotted a 3-3 tie with a run-scoring single. He doubled twice in the second contest.

He said afterwards his injured left shoulder felt strong when he was swinging a bat but his throwing bothered him a little.

Valley Grid Conference Opens on 21st

By THE ASSOCIATED PRESS
The Missouri Valley Conference football race—a five-team affair—kicks off Saturday night on what could prove one of the more interesting seasons for the circuit in many years.

The Houston Cougars have been picked to defend their conference title despite the loss of considerable personnel and a change in the coaching set up.

A lack of depth in personnel at Houston and the potential versatility of Tulsa could make the race wide open. Cincinnati and North Texas State, both new members of the conference, and Wichita all appear capable of causing trouble.

It will take no longer than Saturday to get a substantial idea on how well Coach Hal Lahar's Cougars will fare. They open with highly ranked University of Miami (Fla.) at Houston.

Following games with Baylor, Cincinnati, Texas A. & M., Oklahoma State, Auburn, Mississippi, Mississippi Southern, Wichita and Tulsa make it one of the toughest schedules in history of the school.

Tulsa, which was beaten only by Houston in the league last year and had a 7-2-1 record, starts with Hardin-Simmons at home. The Hurricane has 22 lettermen on hand.

Cincinnati opens with Dayton at Cincinnati. Wichita plays Arizona State of Tempe at Wichita and North Texas State meets Texas Western at El Paso.

Oklahoma State University, a Missouri Valley power in all sports for years, is now a member of the Big Eight Conference but its games with Valley members will be counted in the standings this season. Oklahoma State is not eligible for the Valley title and can't compete for the Big Eight banner until 1960.

Don Cooper Wins Modified Car Championship

Racing in the feature event at the 50-Highway Speedway west of Warrensburg, Saturday night, Don "Bashful" Cooper, driving No. 12 of the Cole-Cooper Electric Co., won 1957 championship for modified cars.

Cooper, who has been driving modified cars for the past two seasons entered the final racing date at Warrensburg speedway, qualified for the feature event of 35 laps. His car, equipped with a Mercury motor, moved into the lead at the 14th lap and held it to the finish.

Cooper and Henry Powell of Warsaw, a veteran of modified racing, went the last few laps hub-to-hub, giving the speed fans one of the most exciting finishes seen on the quarter-mile oval this year.

It was the first feature event won by Cooper to date.

He was awarded the top prize money and a beautiful trophy which is on display at the Cole-Cooper Electric Shop on South Kentucky.

West Still Proves Superiority in NFL

By THE ASSOCIATED PRESS
Not an eastern team in the National Football League can claim a better than .500 record today as the West continued to demonstrate its superiority during the league's exhibition schedule.

Three western conference teams rolled to victories Saturday and Sunday in four games matching East vs. West. The Cleveland Browns whipped Detroit 23-7 Saturday for the East's lone victory.

Otherwise undefeated Green Bay squeezed past Washington 20-17. Baltimore romped against the Chicago Cardinals 27-9, and the Chicago Bears stomped Pittsburgh 37-10.

Los Angeles handed the San Francisco 49ers their first loss in five games 58-27 at Los Angeles Friday night. The Rams also have a 4-1 record.

Archie Moore Will Defend Title Friday

After numerous feints and false starts, Archie Moore finally will defend his world light heavyweight title Friday night in Los Angeles against Tony Anthony, New York.

Old Archie, who will be 41 in mid-December, settled for a \$90,000 guarantee to risk his crown in this match that originally was scheduled for early summer in Detroit.

Anthony, 22, has been the favorite since the match was made but many expect Moore to be the choice if he makes the 175-pound weight limit without too much trouble.

The challenger gets 33 1-3 percent of the gate after "overhead adjustments." A crowd of 10,000 is expected to pay a gross gate of \$116,000.

The 15-round match will be carried on radio and TV by NBC.

Virgil Akins the St. Louis welter who stopped Sugar Ray in his last start, boxes Gil Turner of Philadelphia on the Wednesday show ABC-TV at Atlantic City, N. J.

Turner is a veteran windmill type fighter who has met the best in both welter and middleweight classes. At various times he has been ranked in both divisions. In fact, the latest ring ratings show Turner No. 8 among the welters while the National Boxing Association puts him Nom 9 among the middles. Akins is No. 2 welter and No. 3 with the NBA.

Hart will take on middleweight Charlie Cotton of Toledo tonight at St. Nicholas Arena in New York.

The show will be seen on TV (Dumont) in some sections.

Reuben Cordes Wins Horseshoe Tourney

The Thursday night horseshoe tournament held at Washington Park was won by Reuben Cordes. This was a ten-man round robin with lots of good competition. Results of the tournament were:

Reuben Cordes, Sedalia, first; Bud Larson, Sedalia, second; Wayne Winston, Sweet Springs, third; Bud Beard, Warrensburg, fourth; Mickey McNeil, Sedalia, fifth; Charles Lueck, Sedalia, sixth; George Beard, Warrensburg, seventh; Johnny James, Sedalia, eighth; Bill Renfrow, Sedalia, ninth; and Bob Hartley, Sedalia, tenth.

There will be another tournament next Thursday night. It will be open to all players of Sedalia and surrounding towns.

SPORTS

Milwaukee's Boss Insists Pennant Safe

MILWAUKEE (AP)—Hurt seriously by a batting slump that has afflicted all hands, the Milwaukee Braves led the National League by only 2½ games today, but worried Manager Fred Haney insisted "We're not going to blow this one."

The Braves' bats became silent right after Labor Day when they led by 8½ games. Yesterday they lost their eighth in 11 starts when defeated 3-2 in 10 innings by the Philadelphia Phillies. The second-place St. Louis Cardinals gained priceless ground by grabbing a twin bill from the Pittsburgh Pirates.

In the dressing room, his gloomy players grouped around him, Haney declared, "We're still going to win."

"But we've got to get some hits," he said as it was noted the Braves collected only six runs and 19 hits in their last four games, three of them consecutive defeats which equalled the club's longest losing string of the season.

The little manager has revamped his batting order and welcomed back two of his injured regulars — Joe Adcock and Johnny Logan — in his hunt for hits and runs, but he admitted he hasn't found the combination.

"How do I know why we aren't getting any hits?" Haney asked a questioner. "If I knew the answer, I'd put a stop to this slump right now."

He added, "We're overdue to break out of it. And if just one guy starts hitting, the rest will follow like sheep."

In a move to bolster the sagging club, the Braves called up immediately after the game three of their prize farm hands from Wichita in the American Assn.

Milwaukee purchased outright the contract of outfielder Ray Shearer, the association's Rookie of the Year.

Also scheduled to report today were a pair of right-handed pitchers, former bonus baby Joe Jay and Carlton Wiley, the association's Most Valuable Player with a 21-6 record.

College Teams Will Attempt To Improve

By THE ASSOCIATED PRESS
Missouri college football teams will attempt to improve their early season showing this week after a disastrous opening.

Lincoln University of Jefferson City edged Augustana, S. D., 13-7. There wasn't another state school to come up with a victory last Saturday.

Springfield of the MAA and William Jewell of the MCAU battled to a 7-7 tie at Liberty. The visiting Bears scored in the last three minutes to gain the deadlock.

Taking decisive whippings were Cape Girardeau, 21-0 from South Dakota University at the Cape; Rolla, 33-13 from Northeastern Oklahoma at Tablequah, and Kirksville, 40-14 from Pittsburg at Pittsburg, Kan.

Culver-Stockton of the MCAU lost its opener, 7-0, to Parsons, Iowa. College Parsons scored on the fifth play of the game and was able to turn back two Culver-Stockton threats in the second quarter. The game was played in a downpour of rain.

This week's schedule:

MAA
Saturday—Maryville at St. Joseph's (Ind.), Carthage, Ill., at Rolla, Kirksville at St. Benedict's, Peru (Iowa) at Warrensburg, Pittsburg at Springfield and Western Kentucky at Cape Girardeau.

MCAU
Friday night—Graceland, Iowa, Kentucky at Cape Girardeau.

MCAU
Friday night—Graceland, Iowa, at Culver-Stockton.

Saturday — Missouri Valley vs. Millikin at Marshall; Ottawa (Kan.) vs. William Jewell at Liberty, and Illinois College vs. Central at Fayette Tarkio opens next week.

Yankees Are Worried

NEW YORK (AP)—The New York Yankees are worried—about Milwaukee.

They're not afraid of meeting the Braves in the World Series. They're afraid they won't meet them.

"What's the matter with those guys in Milwaukee?" one Yankee asked today. "Don't they want to play us? They had the thing all locked up and it looks like somebody stole the key."

Oklahoma's Prestige Goes On the Line

By THE ASSOCIATED PRESS

A big chunk of Big Eight Conference football prestige will be on the firing line in season openers Saturday.

The Oklahoma Sooners, favorites of the scribes and broadcasters to defend their mythical national championship, open against Pittsburgh, regarded as a top eastern power, in Pittsburgh. The Panthers could rewrite all preseason scripts by upsetting the Sooners.

While Oklahoma is a solid favorite to lengthen its consecutive victory string to 41 games at the expense of Pittsburgh, the Panthers are considered the most dangerous foe on the Sooners' schedule.

In the other openers Colorado, second place finisher and Orange Bowl champ, will meet Washington in Seattle; Missouri plays Vanderbilt at Nashville; Kansas plays T. C. U. at Fort Worth; Kansas State plays Wyoming at Laramie; Nebraska plays Washington State at Lincoln, and Iowa State tackles Denver at Ames.

Oklahoma State University a Big Eight member that doesn't become eligible for the football title until 1960, has a rough opener against Arkansas at Little Rock. This game, along with Kansas-TCU and Missouri-Vanderbilt, will be night affairs.

Other than Pittsburgh, Oklahoma's non-conference opponents will be Texas, Notre Dame and Oklahoma State. The Sooners still appear a class above the other Big Eight members — Colorado, Kansas, Kansas State, Nebraska, Missouri and Iowa State.

Three teams will be operating under new head coaches. Jim Myers, former U. C. L. A. aide, is inaugurating the single wing at Iowa State. Frank Broyles, replaced Don Faurot at Missouri, where he's trying to put over the Georgia Tech "belly series." Bill Jennings has moved up to the head job at Nebraska.

Ken Pace, Tipton outfielder, staved off a determined bid by Jim Harvey of Sedalia to win the Central Missouri Ban Johnson League's Western Division batting title with a bulging .420 average.

Pace nosed out the Sedalia third sacker by a single point in the hectic last two weeks of the 1957 season. Harvey finished with a .419 mark, final records reveal.

The Eastern Division swat crown went to Dan Hagan, Mexico croucher who hit .470 in the second half to compile a healthy .360 final average. Hagan finished fourth last season, his rookie year in the league.

Jim Busch, catcher for Hannibal's league champions, led the Eastern Division in runs batted in, with 19. Harlan Linneman, Moberly pitcher-outfielder, had the most homers, three.

Harvey drove across 40 runs to outdistance the Western Division field in the RBI department. Pace led in circuit clouts, with four.

Finest pitching records were posted by Phil Waddell of Hannibal and Denny Higgins of Jefferson City.

Waddell had an 11-1 record, fanned 107 batsmen in 97 innings and compiled a 1.48 earned run average in pitching Hannibal to the championship.

Higgins was 7-2 for Jefferson City's Western Division pennant winners and had a 1.70 earned run average. Bunny Brummell of Booneville led Western Division hurlers in strikeouts with 180 in 114 innings.

Once More Braves Must Ask Whether Pennant Is Fading

By JACK HAND
The Associated Press

Are the Milwaukee Braves going to blow it again?

Once more the Braves must ask themselves that searching question as the pressure mounts in the National League race. In 12 short days, an 8½-game lead has shrunk to 2½ games.

Encouraged at the sight of the staggering Braves, the charging St. Louis Cardinals have won 9 of their last 11. In that same period Milwaukee has won only 3 of 11.

Day by day the three-game series between the two clubs in Milwaukee Sept. 23, 24, 25 looks more likely.

The American League race, on the other hand, appears to be over. The New York Yankees, with a 5½-game lead and only 10 days to play, should be beyond the reach of the persistent Chicago White Sox.

Warren Spahn, shooting for his 20th victory, coddled a 2-1 lead into the ninth inning yesterday to save Philadelphia tie the score in the ninth and finally beat Milwaukee in the 10th 3-2. After two hits sent Spahn to the show, Ted Kazanski, a .255 hitter, singled home the winning run.

With Stan Musial back in the starting lineup and chipping in with three hits in six trips, the Cardinals thumped Pittsburgh twice 9-6 and 11-3 behind Herm Wehmeier and Sam Jones. Two big innings did the trick — six runs in the fifth inning of the opener and five in the first inning of the second game.

Cincinnati slammed four home runs, chasing Don Newcombe, in an 11-6 romp over Brooklyn. Hal

Jeffcoat hit one of the homers and took an 11-2 lead into the ninth before he fell apart.

Ed Haas, a rookie outfielder from Fort Worth, delivered a pinch single with the bases loaded and the score tied for the Chicago Cubs' 7-6 edge over the New York Giants. The rookie's hit made it a double-header sweep for the Cubs who won the opener 6-2 behind veteran Bob Rush. Willie Mays had four hits for the Giants including his 34th homer, to hike his average to .339.

The Yankees hopped on their "cousins" from Kansas City 5-3 and 3-0. Tommy Byrne's three-run pinch homer did the job in the opener. Don Larsen pitched his first shutout since his perfect game in the 1956 World Series when he held the A's to three singles in the second game. Tony Kubek and Harry Simpson homered.

Chicago trailed going into the ninth but scored three against Washington for a 3-1 victory on the two-hit pitching of Bob Keegan and rookie Barry Latman. Earl Torgeson's two-run double was the most important hit in the rally. Jim Lemon's 450-foot homer was the only Washington score.

Jim Bunning won his 19th for Detroit 7-1 with a five-hitter against Boston, positively eliminating the Red Sox from the pennant race. Al Kaline's 23rd homer started the Tigers on the way to their 4-3 second-game victory for Frank Lary.

Baltimore moved into fifth place ahead of Cleveland by taking a pair from the Indians 5-4 in 16 innings and 4-3. A wild throw by Vic Wertz on an attempted double play gave the Orioles the first game after

Slammin' Sam Is Poised For Victory

DALLAS (AP)—Sam Snead, the greatest winner in golf history, was poised for victory in his 96th tournament today and there was no one to even hint the colorful old slammer wouldn't make it.

He led the \$40,000 Dallas Open by 8 strokes going into the final round because of a 60 that tied the world's record and a 5-under-par 36 yesterday that gave him 196 for 54 holes.

The 60, equaling what some seven golfers had shot before him, was hung up in Saturday's round. That was the one that broke open the tournament.

Snead entered the third round yesterday with a 2-stroke lead. And as the other contenders faltered, he rolled right along.

"Only thing I was disappointed about was that I didn't get another 60," he said.

In a tie for second place at 204 were Al Besselink, the big blond from Grossinger's, N.Y., and Earl Stewart, the Dallas resident pro, who got 70 and 72 respectively yesterday.

Tied for fourth were Cary Middlecoff, Hollywood, Fla., who switched his affiliation from Dallas only two days ago, and Fred Hawkins, El Paso, Tex., who managed 72 and 71. They had 205.

The cutoff yesterday that trimmed the field to 65 professionals and nine amateurs left out such well-known golfers as Lionel Hebert, Lafayette, La., the national PGA champion; Al Baldin, the Canadian; and Bo Winingar, Odesa, Tex. Hebert had a 76 to wind up with 224, Balding shot a terrible 83 for 225 and Winingar had a 75 for 219. A score of 218 made the cutoff for the professionals.

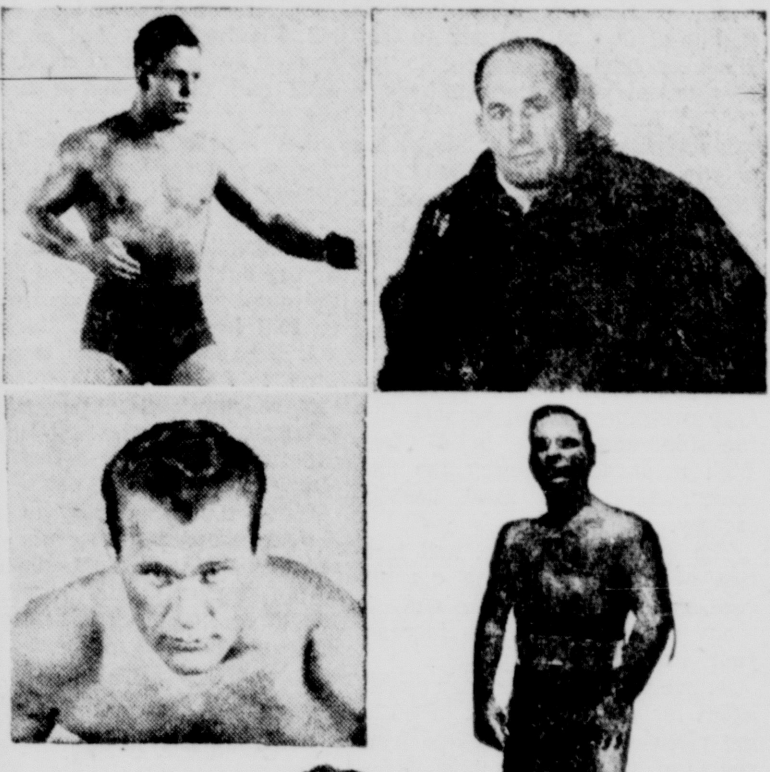

Dick Farrell was the winner.

Ken Boyer and Walker Cooper hit home runs for St. Louis during a five-run spurt in the fifth inning of the first game. Wally Moon hit two in the second game. Neither Wehmeier nor Jones lasted the route as the Cards hung defeats on Ronnie Kline and Art Swanson.

The Yanks, Bob Turley trailed Kansas City 3-0 on homers by Bob Cerv and Bob Martyn (his first in the majors) when the Yanks bounced back with five in the seventh. Three straight singles brought one run and Byrne's pinch homer added three more. Hank Bauer's 17th homer finished off

ing hit to Kazanski. Relief man loser Jack Urban.

Co-Pastors Of Two Races Are Named

CHICAGO (U)—Negro and white ministers, each with equal authority, have been named for the integrated congregations of two Protestant churches — one Chicago's oldest.

Services were held on an integrated basis for the first time yesterday at the Normal Park Baptist Church. It also was the first service in the 250-member church for the new copastors — one white, the other Negro.

At the same time, the 124-year-old First Presbyterian Church announced a Negro pastor and a white pastor would replace the retiring white pastor, Dr. Harold L. Bowman, 68. The new pastors assume their duties Oct. 20.

Dr. Bowman said the copastorship plan by a white and a Negro clergyman was the first ever tried by a Presbyterian Church.

"This is the fulfillment of my hope and prayer for this church," he told his 1,000-member congregation. About 100 members are Negro and several Negroes occupy leadership positions in the church, he said.

"We have demonstrated that Christian fellowship without racial distinction is not only possible but also an enriching experience," he said.

Both churches are on the city's South Side in neighborhoods with predominantly Negro populations.

The Presbyterian church was founded in 1833 at Ft. Dearborn, a frontier U.S. Army post and the first structure of any significance on the site of what is now Chicago.

The Rev. Ulysses B. Blakeley, 46, Philadelphia, a Negro, and the Rev. Charles T. Leber Jr., 35, Detroit, were named to replace Dr. Bowman, pastor for 24 years.

Japanese Government, Private Groups Map Protests On A Tests

TOKYO (U)—The Japanese government and private groups today mapped protests against the nuclear tests the United States plans to hold in the Pacific next April.

Chief Cabinet Secretary Kiichi Aichi called the U.S. announcement yesterday of the upcoming tests at Eniwetok proving ground regrettable. He said Japan would frame a protest today or tomorrow.

Dr. Kaoru Yasui, chairman of the Japan Council Against Atomic and Hydrogen Bombs, said rallies — some by students — would be held throughout Japan tonight and tomorrow "to build up world public opinion against the tests."

In Tokyo, 3,000 high school and college night students scheduled a protest meeting tonight. Another 3,000 day students will meet tomorrow. Thirty other meetings are planned throughout the nation.

Yasui said all had been planned before the U.S. announcement and were originally to coincide with opening of the U.N. General Assembly.

House of Plastic Foam Replaces Usual Igloo In Canadian Arctic

OTTAWA, Ont. (U)—Even snow-houses aren't snow-houses anymore. An Eskimo family of three in Canada's Arctic is living in an igloo made of plastic foam.

"It is an experiment," says J. L. Nicol of the government's Northern Affairs Department. "Next year we may build a larger type snowhouse, divided off into rooms."

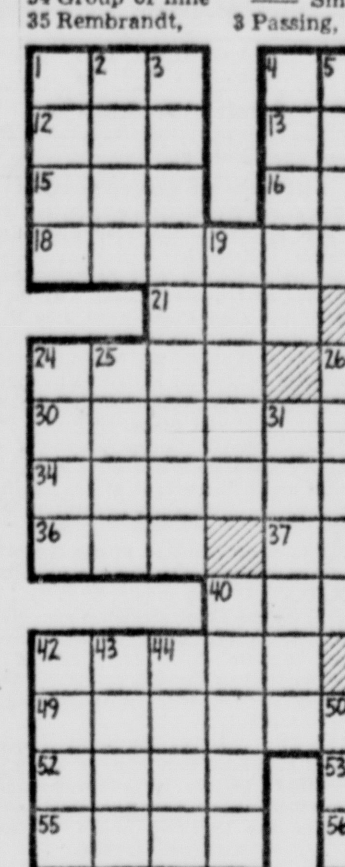

The plastic igloo was set up last summer on Baffin Island. It provides accommodation for the Eskimo family accustomed to the close quarters of a one-room igloo made of snow. A camp-type stove will heat the igloo up to 60 degrees. But the house won't melt or ice over inside and lose its natural insulation.

Like all igloos it resembles a large overturned mixing bowl. It is made of light-weight squares, complete with chimney, ventilation slot and a door with a door-knob. Light comes through it.

Ohio is called the "Mother of States" because so many of its citizens have helped to lay the foundation of other states.

American Legion To Stage Parade At Convention

ATLANTIC CITY, N. J., (U)—The colorful American Legion parades some 50,000 strong on the boardwalk of this famed resort city today with a jet plane accompaniment.

Up to half a million spectators were expected.

The holiday spirit of the parade came between committee meetings and the opening tomorrow of general sessions of the Legion's 39th annual convention.

The 12-hour parade, probably the largest anywhere in the world, was being staged for the first time here.

Vast quantities of remedies for the treatment of blisters were waiting at the end of the line of march.

Marilyn Elaine Van Derbur, 20, of Denver, Colo., crowned here a few days ago as Miss America, had a special float to ride in during the parade.

The float was one of about 50 in the procession. Interspersed in the formation were about 160 bands, drum and bugle corps, color guard and drill teams.

Hot Martin
SANTA FE, N. M. — Bar-
tenders report a most pleasing re-
sponse in this Spanish-speaking
area to a new drink.
It's called a martinez — a name

not exactly unknown in this coun-
try of Spanish heritage. The olive
has been done away with and it
has been replaced by a bright
red chili.

Syrians Again Make Attack On US Policy

DAMASCUS, Syria — Syrian officials have returned to the at-
tack on U.S. policy, accusing the
United States of warship diplo-
macy and trying to make Syria
a 49th state.

After several days of more tem-
perate statements, Majin Gen. Afif
Bizry and Foreign Minister Salah
Bitar strongly denounced the United
States yesterday.

Bizry, leftist army chief of staff,
charged that the United States is
seeking to make Syria "one more
state of the 48 in America."

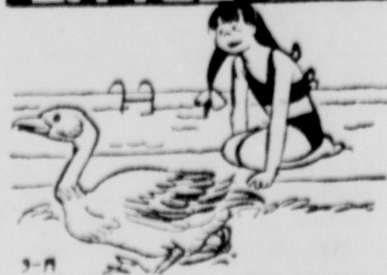

Syria does not fear Soviet pen-
etration, Bizry declared at a news
conference. Asked whether the
Russians might be allowed to es-
tablish a base in Syria, he re-
plied: "Why should we give the
Soviets a base when we refused
to give the Americans one? The
Americans asked for a base in
Syria every time we asked them
for arms. Russia never asked for
a base in Syria."

Bizry renewed charges that five
U.S. warships had moved to with-
in five miles of the Syrian coast.
The United States has denied the
charge.

Bitar told correspondents that
the Americans are exerting "very
strong pressure on us" to divert
Syria from a program of Arab
unity based on a Socialist society
in each country.

He defined the Socialist society

Swimming may improve a per-
son's figure, but it hasn't done
much for the duck.

Two Dynamite Blasts Near Soviet Embassy

DAMASCUS, Syria — Two dy-
namite explosions 100 yards from
the Soviet Embassy shook Da-
mascus today. Police said there
were no casualties or serious
damage.

One person was arrested pend-
ing investigation. They added.

There was a similar explosion
last week near the Egyptian Em-
bassy.

This way: "States should provide
industries built by the state itself
to help improve the condition of
underdeveloped countries and to
find jobs at just wages for all
people."

When U.S. pressure is ended, he
said, it will be possible for Syria
to begin considering friendly re-
lations with the United States."

Fresh liver, oysters, dried beans,
molasses and oatmeal are among
the good sources of iron in the
human diet.

King of Iraq And Princess To Be Married

BAGHDAD, Iraq — King
Faisal of Iraq plans to marry
16-year-old Princess Faziilet, who
traces her lineage to the thrones
of Egypt and the Ottoman Em-
pire.

The royal palace announced
their engagement yesterday. Their
romance began when the King
and princess were vacationing in
Turkey this summer.

The royal palace council, which
includes Premier Ali Jawadat and
other Cabinet members approved
the marriage just before the an-
nouncement. Tomorrow was desig-
nated a nationwide holiday to
celebrate the engagement.

A palace source said the wed-
ding probably will not take place
for a year because of Princess
Faziilet's age. She may visit Bagh-
dad this winter, the source said.

The fun-loving, 22-year-old King
and the princess, a distant cousin
of former King Farouk of Egypt,
first met two years ago at Cannes.

King Faisal returned home yes-
terday after a two-month holiday
in Turkey, during which he saw
the princess frequently.

The princess' father is Prince
Munet Ali Ibrahim II. Her mother
is Princess Hanzade, daughter of
Prince Omer Farouk of Turkey,
pretender to the Ottoman throne.
The parents live in Paris.

Quarter Million Lutherans in
Latin America

NEW YORK — There are about
750,000 baptized Lutherans in Latin
America, a church survey of 21
countries shows. It listed 1,659 con-
gregations and 430 "preaching sta-
tions."

The figure represents roughly 16
per cent of the total estimated
Latin American Protestant popula-
tion of 4,800,000.

'Never Thought of Boy'

Man Disagrees With Odds Against Having 12th Girl

MORRISTOWN, N.J. (AP)—You think you've beaten the odds? Shot a hole in one? Drawn a perfect bridge hand or run the four-minute mile?

Then consider the William Patrick Bestons.

Today Beston will go to Memorial Hospital to bring home his wife and their 12th child—and 12th daughter—born Thursday.

Odds makers don't make book on such a rarity, and doctors said only that the chances of having an even dozen children of the same sex are "slimmer than slim."

But Beston knew better. He never doubted for a minute that the baby would be a girl.

"After the first four or five children, we never even thought of having a boy. We just worried what we'd name the girl."

Naming gets harder each time. Names already taken were Patricia, Eileen, Regina, Carol, Joan, Gertrude, Dolores, Betty Lou, Catherine and Levinia. (The first daughter died in infancy.)

After thinking a day, the Bestons called the newest Madonna Grace.

Men Fall to Death While Climbing Rock Spire Near Portland

PORTLAND, Ore. (AP)—A rarely climbed, 1,200-foot rock spire that juts up in the Columbia River gorge took the lives of two men yesterday.

Two other men, who would have been along except for oversleeping, watched in horror as Don McKay, 36, Portland, and Lloyd Joseph Quigley, 32, Vancouver, Wash., fell to their deaths. Both were veteran climbers.

They were within 300 feet of the top of towering St. Peter's Dome, 30 miles east of Portland.

Dave Hitchcock and Ross Petrie arrived late and discovered McKay and Quigley had started without them. They watched the climbers through binoculars.

The crumbling rock surface that has stopped many previous attempts on the dome was blamed for the deaths. Both men were known as steady, cautious climbers. Friends said they undoubtedly were working with steel—driving pegs into the rock for foot and rope holds—and that the rock must have failed to hold when a strain came.

They were roped together.

Dog Days for Deans

ALAMOGORDO, N. M. (AP)—If your name is Dean, you had better stay away from the corner of Vermont Avenue and 15th Street here. A large yellow dog took a bite out of Charlie Dean and Ray Dean at different times one afternoon. The men aren't even related, Police Chief Clarence Walker said.

US Airmen Occupy First of Four Bases For Jets in Spain

TORREJON, Spain (AP)—U.S. airmen yesterday moved into the first of four huge air bases being built in Spain to handle the atomic jet bombers of the Strategic Air Command.

About 1,000 airmen moved from temporary quarters in Madrid to this steadily growing base 15 miles northeast of the Spanish capital.

This largest air base in Spain has a 13,400-foot runway, longest in Europe.

Planes and other equipment of the U.S. 16th Air Force will move in soon from Getafe Airport 15 miles south of Madrid.

The 62-million-dollar base has underground ammunition storage facilities and quarters for 4,000 airmen and 500 officers. It is equipped to handle large numbers of bomber crews, who will come here from U.S. Strategic Air Command bases for training.

Molotov Greets Group Visiting Mongolia

MOSCOW (AP)—V. M. Molotov, who lost his job as foreign minister because he opposed agreement with President Tito, was placed in the strange position yesterday of greeting a Yugoslav mission to Outer Mongolia.

Moscow radio said Molotov was among the officials who stood in line at Ulan Bator and shook hands with the Yugoslavs upon their arrival for a good will visit. Molotov wound up as Soviet ambassador to Mongolia after the recent Kremlin shakeup.

Librarian Speaks At PTA Meeting

"Children should read for their own pleasure, for relaxation and for their own personal benefit," spoke Mrs. E. Frank Wilson, librarian, at the Friday afternoon meeting of the Broadway PTA. Mrs. Wilson gave a very interesting and informative talk on "Available Reading Matter for Our Children," suggesting several new books for children of various age levels, as well as pointing out old favorites to be reread, or to use for family reading material.

A devotional, "In quietness and confidence shall be our strength," was given by Mrs. Ralph Rohrbach.

The business meeting was presided over by Mrs. Sterling Wheeler, president. Room attendance awards were won by Miss Nell Longan, downstairs, and Mrs. Mabel Howe, upstairs.

Miss Edyth Couey introduced her

Thorough Thief

NEWTON, Kan. (AP)—Someone did a thorough stripping job on the 1957 car of the Rev. Noah Unruh of Ford, Kan., parked in his brother's garage.

Items taken, police reported, were the radio, hub caps, mirrors, spotlight, cigarette lighter, fender skirts, a pair of binoculars, two billfolds with \$35 in cash—and the car keys.

Ask druggist for CYSLEX under money-back guarantee. See how fast you improve.

staff of teachers and workers for the year.

Mrs. W. E. Bates read the proposed budget, and it was accepted by the assembly. She also made announcements of plans for the coming ice cream social Sept. 20.

Mrs. Wheeler was elected as a delegate to the district meeting at Booneville Sept. 27 and to attend the state convention in St. Louis in October. Mrs. George Espelin is also a delegate to the state convention.

Mrs. Harry Williams announced the membership drive would begin Sept. 30. Mrs. T. J. McNally announced the first Parent and Family Life meeting would be Oct. 15 at the school.

Mrs. Frank Sellers introduced
